Prospect #1: Close friend who thinks they are "financially secure":) or

Prospect #2: An associate who REALLY IS "financially secure":)

Title: I'm expanding my financial circle. Help me out!

Body: Prospect's Name,

I met a group of extremely successful individuals who remind me of you. They're all highly respected, professional, and financially sound. The best part about this group is that they use strategies (not sales and hype) to increase their net worth and help others. They have bundled these financial success principles together for people who may need immediate cash flow, higher credit scores, and extra income. Even professionals, such as yourself, who may already understand Private Banking and Land Banking can gain a greater rate of return on their investments as well.

The gentleman spear heading this movement "fired his boss" when he was only 22 years young. Success attracts success . I'm not sure what will happen, but I know you speak their language: Wealth, Abundance, Assets, Zero Debt & Investments! If nothing else, can you do me a huge favor and pass this link to someone who wants to be where you already are financially:)? Please reply and let me know.

Thanks in advance!! Take 18Min to check out this video and see who comes to mind that you think the wealth principles may interest. Click here: <http://www.HowToShiftYourIncome.com>
